ABOUT US

Housecab Solutions Pvt. Ltd. is a trusted and innovative manufacturer specializing in high-quality cables for a wide range of industrial and residential applications. Established in 2015 with a vision to provide top-notch cable solutions, we are dedicated to ensuring that our products meet the highest standards of safety, durability and performance.

Headquartered in Koregaon MIDC - Satara, Housecab Solutions Pvt. Ltd. operates with the aim of transforming the cable manufacturing industry through innovation, quality assurance and customer satisfaction. we have consistently expanded our product offerings and service capabilities, making us one of the leading names in the cable manufacturing sector.

Excellent Highway Connectivity : Direct access to NH-548C (Satara–Baitul National Highway), ensuring smooth inbound and outbound logistics.

Close to Satara City : Just ~18 km from Satara city centre, offering easy access to administrative, banking, and business infrastructure.

Scenic & Client-Friendly Surroundings : Close to renowned destinations like Mahabaleshwar and Panchgani (~50–65 km), making the location attractive for client visits, offsites, and business meetings amid a pleasant hill-station environment.

Proximity to Pune : Approximately 120 km (2–2.5 hrs) from Pune—Maharashtra's major industrial, commercial, and talent hub — enabling efficient raw material sourcing and market reach.

OUR VISION

At Housecab Solutions Pvt. Ltd., our vision is to lead the cable manufacturing industry globally, offering innovative, high-quality, and safe cable solutions. We aim to set new industry benchmarks for performance, safety and sustainability while empowering businesses and homes worldwide.

OUR MISSION

At Housecab Solutions Pvt. Ltd., our mission is to deliver high-quality, innovative and sustainable cable solutions. We focus on customer satisfaction, technological advancements and eco-friendly practices, aiming to build lasting partnerships and lead globally in reliability and innovation.

PRODUCTS

1. House Wires

Our House Wires are specifically designed for safe and efficient electrical wiring for use in outdoor as well as indoor (domestic application). These wires are made with high-quality copper conductors and have excellent insulation properties, ensuring safety and durability. Whether for new constructions or renovation projects, our house wires provide a reliable solution for lighting, appliances and power circuits. With various sizes and specifications, our house wires are ideal for residential electrical installations and conform to the highest industry standards.

At Housecab Solutions Pvt. Ltd., we offer a wide range of high-quality cables that cater to diverse needs in residential, commercial and industrial sectors. Our products are crafted with precision, using the latest manufacturing technologies and premium materials to ensure long-lasting performance, safety and reliability. Below is an overview of our key product offerings:

2. Submersible / Flat Cables & Cords

Our Submersible Cables are specially designed for use in bore wells, water pumps and other submerged applications where durability and water resistance are essential. These cables are made with high-grade insulation that protects against moisture, oil and other environmental factors. Sutaible for outdoor.

They are engineered to operate under harsh conditions, ensuring long-term reliability and superior performance. Whether for agricultural or industrial pumping systems, our submersible cables are the go-to solution for secure and efficient power transmission.

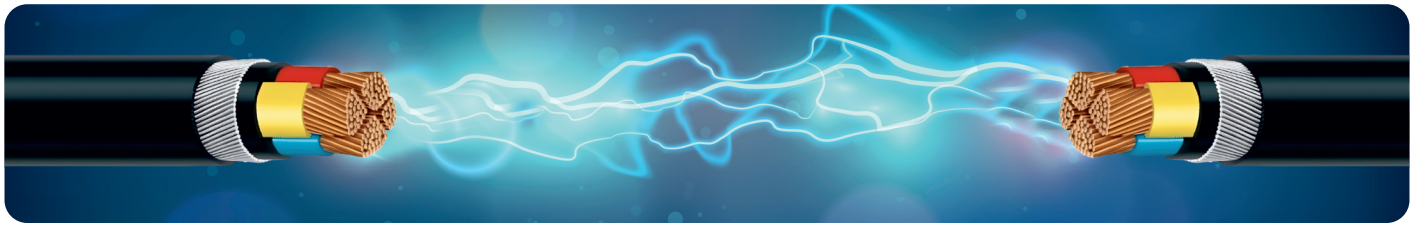
3.Flat Cable - Twin Core Aluminium

Our Flat Cables - Twin Core are versatile and designed for applications where space-saving and flexibility are key. These cables are widely used for low-voltage power transmission in homes, offices and various electronic appliances.

The twin-core design makes them perfect for residential wiring, allowing for easy installation and reduced clutter. Made with high-quality copper conductors and a durable outer sheath, these cables are built to withstand everyday use and deliver reliable performance.

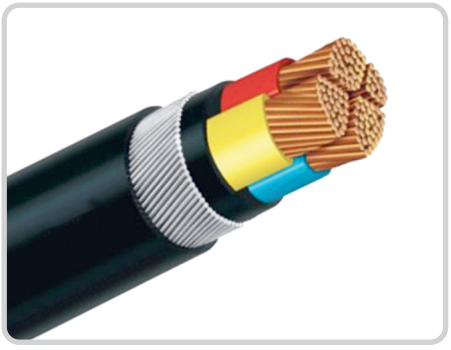
4. Control & Power Cable

Our Power Cables are designed for the efficient transmission of electrical power across long distances. These cables are ideal for use in industrial plants, power distribution networks and commercial buildings. Manufactured with high-quality conductors and robust insulation, our power cables ensure minimal power loss and maximum efficiency, even in challenging environmental conditions. Available in a variety of sizes and configurations, they can be customized to meet specific voltage and load requirements.



PRODUCTS

5. LT Power Cables



Housecab's LT Power Cables are designed for safe and efficient low-voltage power transmission. The Armoured construction, using galvanized steel or aluminum, provides added protection against physical damage, weather and rodent attacks. These cables are ideal for both indoor and outdoor installations, offering reliable insulation and optimal power delivery.

Perfect for industrial plants, construction sites and power distribution networks, our LT Power Armoured Cables ensure durability and safety in challenging environments.

HOUSECAB™

Why Choose Us?

At Housecab Solutions Pvt. Ltd., we are committed to providing our customers with high-quality, reliable, and cost-effective cable solutions. Here's why we stand out as a preferred choice for your electrical and wiring needs:

Uncompromising Quality

At Housecab Solutions, we ensure the highest quality with strict testing and control, delivering durable, reliable and safe cables for all applications.

Wide Range of Products

Housecab Solutions offers a wide range of high-performance cables for residential, commercial and industrial needs, ensuring versatile solutions.

Expertise and Experience

With years of expertise, Housecab Solutions delivers high-performance, safe, and tailored cable solutions backed by skilled engineers.

Customer-Centric Approach

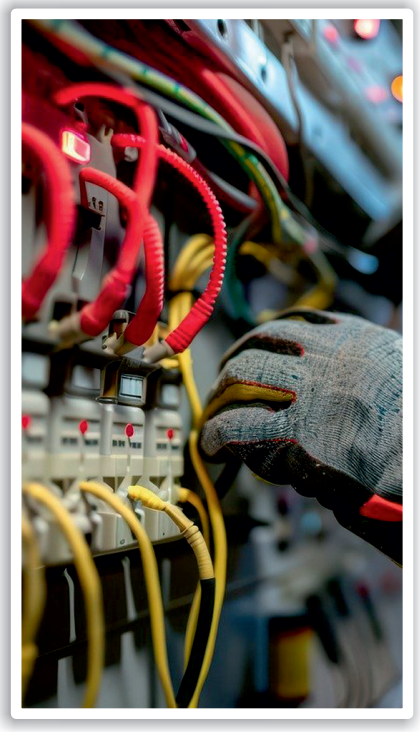
Housecab Solutions prioritizes customers, offering personalized solutions, exceptional service and ongoing support to meet your needs.

Competitive Pricing

Housecab Solutions offers cost-effective, high-quality products with competitive pricing, ensuring great value for both businesses and homeowners.

Reliability and Trust

Housecab Solutions delivers reliable, high-performance cables you can trust, ensuring safety, longevity and on-time delivery for all needs.



RoHS compliant

REACH COMPLIANT

All Raw material is ISI certified with RoHS & REACH compliance

Key Products Range :

House Wires :

Flexible Copper Conductor with PVC Insulated & Unsheathed 0.5 to 95 SQMM single core cable.

Submersible / Flat Cables & Cords :

Flexible Copper Conductor with PVC Insulated & Sheathed 0.5 to 4 SQMM multicore cable.

Flat Cable - Twin Core Aluminium :

Solid Single Strand Aluminium Conductor with PVC Insulated & Sheathed Up to 6 SQMM twin core cable.

Control & Power Cable

PVC & XLPE Cable 1.5 to 185 SQMM Aluminium & Copper Conductor single core to 3.5 core cables.

LT Power Cables

PVC & XLPE Cable 1.5 to 185 SQMM Aluminium & Copper Conductor single core to 3.5 core cables.

Key Features :

Water-resistant and Corrosion-proof Insulation
Housecab Solutions Pvt. Ltd. offers submersible cables with water-resistant, corrosion-proof insulation for safe, reliable performance in harsh environments.

High Voltage Resistance for Safe Operation
Housecab Solutions Pvt. Ltd. ensures safe, high-voltage resistant submersible cables for reliable performance in demanding applications.

Flexible and Durable, Ideal for Submersible Applications
Housecab Solutions Pvt. Ltd. offers flexible, durable submersible cables, ideal for reliable, long-term performance in challenging underwater environments.

Suitable for Use in Deep Wells and Harsh Environments
Housecab Solutions Pvt. Ltd. offers durable submersible cables designed for deep wells and harsh environments, ensuring reliable, long-term performance.

Benefits:

Engineered for Excellence
Housecab submersible cables offer water resistance, corrosion protection, flexibility and durability for reliable, long-term performance in harsh environments.

Enhanced Durability
Housecab submersible cables are durable, corrosion-resistant, flexible and designed for reliable, long-lasting performance in harsh, submerged conditions.

Reliable Power Supply
Housecab submersible cables provide reliable power in harsh submerged environments, with corrosion resistance, flexibility and durability for long-term use.

Safe Operation
Housecab submersible cables offer safe, reliable performance in demanding underwater conditions with corrosion resistance, flexibility and durability.
